Quick Memo 7 June 1966

Harold, I appreciate your long letter received yesterday and will try to reply the moment time permits. I did write to the WASHINGTON POST as soon as the story came out, cc enclosed for your information. Subsequently I received a form to sign, so apparently they are considering the publication of my letter to the editor. If you see it (I don't get the Washington papers) --and <u>if</u> time permits--please drop me a line. But I know how busy you are so don't take special trouble. I am glad you feel the need for friendly cooperation among all of us and I know it can be worked out. Best regards, Hastily,

Sylvia
